

# NATIONAL DIGITAL HEALTH MISSION

PARTNERING WITH HOSPITALS AND OTHER HEALTH FACILITIES IN  
— CREATING A DIGITAL HEALTH ECOSYSTEM —

# NATIONAL DIGITAL HEALTH MISSION

The National Digital Health Mission (NDHM) aims to develop the backbone necessary to support the integrated digital health infrastructure of the country. It will bridge the existing gap amongst different stakeholders of healthcare ecosystem through digital highways.

## VISION

To create a National Digital Healthcare Ecosystem, which is :

## KEY BUILDING BLOCKS

# HEALTH FACILITY REGISTRY

ONE NATION, ONE HEALTH REGISTRY

Health Facility Registry will be a comprehensive repository of health facilities of the nation across different systems of medicine. It includes both public and private health facilities including hospitals, clinics, diagnostic laboratories and imaging centers, pharmacies, etc. Enrolment is completely voluntary and enables health facilities to get connected to India's digital health ecosystem. The system is highly secure and health facilities signing up will be able to gain access to a host of digital services through the NDHM platform

## HOW CAN A HEALTH FACILITY ENROL ON NDHM PLATFORM?

**Government facility:**

- Step 1 - Designated facility nodal person registration on NDHM website and complete e-KYC
- Step 2 - Facility allocation to the registered ID by District nodal officer
- Step 3 - Update facility details
- Step 4 - Facility details verification by District and State/UT officials
- Step 5 - Create unique facility ID

## HOW CAN A HEALTH FACILITY ENROL ON NDHM PLATFORM? (Contd.)

### Private facility:

- Step 1 -** Please find your facility in the Health Facility Registry
- Step 2 -** Register on NDHM website as an individual and complete e-KYC
- Step 3 -** Register/Update facility details and upload supporting documents
- Step 4 -** Update facility details
- Step 5 -** Facility details verification by District and State/UT officials
- Step 6 -** Create unique facility ID

## KEY BENEFITS FOR HEALTH FACILITIES

### Building trust and reputation

- Part of a national platform of verified health facilities
- Hospital branding & ratings

### Easy discovery of health facility by patients

- Automatic listing of health facility on search engines with geolocation

### Enhanced quality of care

- Reduced medical errors

## KEY BENEFITS FOR HEALTH FACILITIES (contd.)

### Ease of doing business

- Paperless registration and renewal of licenses
- Ease in empanelment with insurance agencies and TPAs

### Go smart with paperless operations

- Provide digital health records to patients
- Save on paper and storage
